For Immediate Release

Haley-Greer, Inc. Receives National Excellence in Construction Award From Associated Builders and Contractors

Dallas, TX , March 27, 2018– Haley-Greer, Inc.’s work on the **Wildwood Corporate Center II** in **The Woodlands, TX** has earned the company a National Excellence in Construction® Pyramid Award from Associated Builders and Contractors (ABC) in the Exterior Finishes Category. Representatives from the company received the award March 21 during ABC’s 28th annual Excellence in Construction Awards celebration at ABC Convention 2018 in Long Beach, Calif.

“**Haley-Greer, Inc.** earned this Excellence in Construction Pyramid Award through their outstanding craftsmanship, teamwork and world-class safety processes, and Associated Builders and Contractors is pleased to honor them,” said 2018 ABC National Chair George R. Nash Jr., director of preconstruction at Branch & Associates in Herndon, Va. “The uncompromising commitment to top-quality construction from **Haley-Greer, Inc.’s** team was clear from start to finish in building **Wildwood Corporate Center II**. ABC is proud to claim these leaders in the merit shop construction industry among its members.”

The Excellence in Construction awards program is the industry’s leading competition that honors both general and specialty contractors for innovative and high-quality merit shop construction projects. The award honors all construction team members, including the contractor, owner, architect and engineer. The winning projects, selected from entries submitted from across the nation, were judged on complexity, attractiveness, unique challenges, completion time, workmanship, innovation, safety and cost.

A panel of industry experts served as the competition’s judges. This year's panel included representatives from the Building Owners and Managers Association International, the Smithsonian Facilities Construction Division, the Construction Management Association of America, *Engineering News-Record*, Design-Build Institute of America and various construction-related firms nationwide.

###

Associated Builders and Contractors (ABC) is a national construction industry trade association established in 1950 that represents more than 21,000 members. Founded on the merit shop philosophy, ABC and its 70 chapters help members develop people, win work and deliver that work safely, ethically and profitably for the betterment of the communities in which ABC and its members work.
